WORK EXPERIENCE

Product Designer + Front-End Developer

AESARA | June 2020 - October 2024

- Collaborated with cross-functional teams to design and develop innovative tools and solutions for the top 10% of pharmaceutical companies, addressing their HEOR (Health Economics and Outcomes Research) and Market Access needs
- Facilitated product and drug launches into global markets by creating user-friendly, data-driven web applications and prototypes that streamline processes for all stakeholders
- Engaged in agile, iterative project management, working closely with development and design teams to deliver high-quality products on time and within budget
- Continuously analyzed client feedback and industry trends to identify opportunities for product enhancements and process improvements

Campus Recruiter

Wayfair | Feb 2018 - Dec 2019

- Attracted top talent for product, analyst, and engineering roles using innovative recruitment strategies and cohesive branding
- Co-led WayBlack Employee Resource Group, fostering collaboration and diversity within product and engineering teams through engaging internal communications

Operations Manager

Sandpiper Rentals | Jan 2014 - Dec 2017

- Oversaw daily operations for 600+ vacation rental properties across Martha's Vineyard, ensuring 98% occupancy through strategic scheduling and dynamic pricing models.
- Developed and led training programs for a 12-member team, reducing onboarding time by 40% and lifting customer satisfaction scores to 95%.
- Architected an automated occupancy system using Excel and Google Sheets, cutting administrative tasks by 50% and enabling real-time inventory tracking.

EDUCATION

Bachelor of Arts in Food, Design, and Media

Johnson & Wales University - Anticipated May 2026
